MedBen C.A.R.E.S. Package

"Comprehensive Assistance for Remote and Efficient Services"

This bundle name emphasizes the package's focus on providing comprehensive support and resources to help customers navigate the healthcare system, manage their healthcare needs more efficiently, and access virtual primary care and mental health care. The C.A.R.E. Plus Bundle could include a range of services, such as personalized care navigation assistance with finding in-network providers, virtual consultations, proactive engagement, 24/7 concierges, mental health providers, and chronic care management services.
